

# #8502

## 2mil Clear Poly Film

### Description

High gloss heat-sealable FDA compliant food grade 2mil clear polypropylene (OPP) film. Film is mounted on a strippable liner that allows for trouble free transport and printing on any UV, Eco-solvent or Latex printer. Once printed it can be used in the flat as a proof or peeled from the liner and assembled using double-sided tape or conventional heat sealing equipment. For thicker constructions, add a layer of 8200 clear or 8201 matte Over-lam film. For a thin Matte finish use Krylon 53530 Flat Acrylic Crystal Clear spray.

### Features

- Works on all UV, Eco-solvent or Latex printers
- Heat sealable at 230 - 295 deg. F.
- Good moisture and odor barrier for product protection
- High gloss
- FDA compliant for food contact

### Applications

- Proofing
- Hanging or stand-up pouches
- Bags
- Bread bags
- Snack foods
- Candy bags and pouches
